

GAURAV KUMAR

Programmer/Full Stack Developer

ABOUT ME

I am Gaurav Kumar, a Computer Science Student with hands-on experience in programming languages such as C, C++, Python, Java and SQL. My expertise extends to web development and Data Structures & Algorithms (DSA). I have a keen interest in Artificial Intelligence and Machine Learning, currently channeling this passion into developing an AI-powered chatbot. Previously, I collaborated on a team project to create a mobile attendance and system project, which enhanced my understanding of software development processes and project management. Post-graduation, I aspire to join a tech company as a software engineer, contributing to innovative projects and further honing my skills. In my leisure time, I actively participate in hackathons and stay abreast of emerging technologies in the field.
